

Mervue United Football Club and Fahy's Field are part of the European Healthy Stadia programme which aims to promote the health of visitors, fans, players, employees and the surrounding community.

We are committed to focus on the following lifestyle, environmental and social elements...

Lifestyle

1. Provide a healthy food and drinks option
2. Include health promotion messages in quarterly newsletter
3. Install notice board for health promoting messages
4. Install health promoting messages in dressing rooms, toilets and grounds
5. Link with national health promoting campaigns
6. Install road safety message at exit of grounds
7. Have sunscreen available for staff and fans
8. Promote bike rack to encourage people to cycle
9. Set up and promote walking route around playing fields
10. Obtain defibrillator and undergo training
11. Develop staff health promoting initiatives

Environmental

12. Provide recycling bins in office and dressing rooms
13. Promote recycling
14. Organise community lead out on clean up of surrounding area
15. Develop green transport plan i.e. promote bus routes etc.

Social

16. Provide meeting room for community resident associations
17. Link and support initiatives within the local community
18. Make venue available for community activities
19. Ensure stadium is accessible
20. Have key contact with An Garda Siochana
21. Include messages in Irish
22. Support and endorse healthy messages through use of players and key representatives
23. Organise and support charity event
24. Link, and share information, with other Stadia in Galway, Ireland and throughout Europe
